

“GEMMA DEL MALI” CHILDREN’S HOME –Bamako, Mali

PURPOSE

To build a children’s home in Siby, a small village 45km from Bamako, the capital city of Mali. The aim is to reduce children’s mortality and to improve their health conditions.

With the realisation of this building, Novissi wants to take care of all those health care services, by giving the necessary support to adopt the right sanitary procedures.

The children’s home was realized in full compliance with the local building traditions and environment, but also providing the building the newest, renewable and sustainable technologies.
